

Passive Power redesigned for 2009! While the new Multi-ply Abalone binding and Blackjack "21" 12th fret inlay design give the BlackJacks a more seductive visual, the heart and soul remain with the Seymour Duncan JB and '59 humbuckers. From a dull roar to a scream; one, if not the most popular pickup combos in the world delivers it all. Custom 4-conductor wiring allows both pickups to be individually "tapped" via the tone controls to deliver a faithful single-coil sound. The BlackJack collection also features a Set-In 3-piece Rock Maple neck with Schecter designed Ultra Access neck Joint, Original Floyd Rose tremolo (C-1FR), Black Chrome hardware and Schecter's new Locking tuners on the TonePros equipped TOM versions. The BlackJack Collection also includes the C-1 EX Baritone. This 26.5" extended scale instrument is tuned to B/E/A/D/F#/B, which delivers earthshaking clarity.
